THINK GLOBAL - ACT LOCAL.

We can help grow awareness & gain more support for the nonprofits and social enterprises you care about.

Select woody paintings are gifted to invited philanthropists

A photograph showing the aftermath of a disaster, likely an earthquake. The foreground and middle ground are filled with a large pile of rubble, including broken concrete slabs, twisted metal, and debris. In the background, several buildings are visible, some of which appear damaged or partially collapsed. A few people are walking through the debris field. The overall scene is one of destruction and devastation.

We also support humanitarian and environmental projects for national and international organizations.
